Redefine the user experience

Materials, accessories, and user interface devices for KONE elevators

www.kone.com

Dedicated to
People Flow™

Contents

Redefine the user experience

The interior of an elevator significantly contributes to the overall architectural ambiance of a building. Same way as any other space, an elevator elevates the experience of your building with user friendly finishing, good lighting, harmonious soundscape and even digital media content.

You can choose one of our predefined interior ranges or mix and match between ranges to create your own preferred combination.

Build greener

Materials are compliant with LEED low-emitting materials, BREEAM indoor air quality and Nordic Swan material precondition requirements.

Mix & match

Couldn't find what you're looking for in one range? Don´t worry, you´re still free to mix and match materials and accessories from one range to another.

Build smarter

Save time, make the right decisions, and plan your elevator car interior down to the very last detail with our KONE Studio tools.

Scan the QR code to try KONE Studio

www.kone.com/[UPDATE URL & QR CODE]

KONE Digital Experience Cars

Sometimes the elevator ride is about more than the destination

Create a unique journey for people in your building by giving them a whole new world of multi-sensory experiences to enjoy. With dynamic sound, vivid colors, and immersive themes, the KONE Digital Experience Car can be tailored to capture your attention or soothe your senses.

Three types of KONE Digital Experience cars

Aurora Car

A hybrid experience that is equally digital and physical, created through technology, driven by human needs.

Mirror Display Car

Invisible when not needed, always there when it is, 100% adaptable and future proof.

Digital Experience Car

Immersive, transformative, and unforgettable, a unique experience that reaches far beyond the ordinary.
When durability matters

In tough environments like commercial or industrial premises, durable materials and accessories are essential to keep your elevator looking good and working reliably.
